

Determination of Essential Business per State of IL Executive Order 2020-10

Abrasive Form and its associated Illinois entities (AAG) continue to remain operational during the current Coronavirus (COVID-19) pandemic that is affecting many businesses across the nation. Abrasive Form and its associated Illinois entities (AAG) are by definition; ***Essential Business and Operations*** per paragraph 12 (t); (specifically for transportation, energy and national defense); of the above executive order and will stay operational. In addition, Abrasive Form and subsidiaries (AAG) are following U.S. Department of Homeland Security guidelines for critical infrastructure employers with regards to the Critical Manufacturing Sector.

The health and safety of the nation and our employees is our utmost concern. As such we have taken measures to ensure that we maintain the health and safety of our employees from exposure to (COVID-19) through enhanced internal cleaning processes while we maintain continuity of operations to support our customers in this sector.

Abrasive Form continues to prioritize Department of Defense (DoD) work in accordance with the Defense Priorities & Allocations System (DPAS). Abrasive Form is working to ensure we actively and fully support the goals of national defense and emergency preparedness as much as possible during this critical time.
